

## Garden Competition 2019

A tremendous effort was put into the garden displays this year. The theme was our new Amica colours and you all certainly embraced it!

A big thank you to our Judges, Keren our CEO, Tony, John, Lesley – three of our Trustees and Pat who retired as a Trustee last year and agreed to come back to help judge the competition again - They were all made very welcome and thoroughly spoilt with bacon butties, cream cakes and cocktails; which the residents, staff and friends and family enjoyed too!

The judging was extremely difficult this year but sadly, there can only be one winner, and this year it goes to **Signature House**, so many congratulations!

Although, officially there isn't a category for 'the most improved garden', the Trustees decided that an exception should be made for **Housman Court** who have completely transformed their garden, so well done to you all.

Finally, two of the Independent Living sites join in this year, which was lovely to see. Housman Park and Exmouth Court entered an area of their gardens, which were planted and maintained by a few of the residents.

Again both gardens looked beautiful and it was such a close call; however the winner was **Housman Park**, so again many congratulations.
